Wow! Ten years of Monsanto/DEKALB support for the DEKALB SuperSpiel in Morris. What a great accomplishment for the town of Morris and its terrific team of local volunteers who decided to make a commitment to their community, their curling club and to the advancement of curling in the province of Manitoba. Thanks for letting us be a part of your hometown history of achievement.

Southern Manitoba is an important region for Monsanto's business as farmers look to capitalize on the opportunity to incorporate canola, soybeans and corn into their crop rotation. Monsanto's DEKALB seed brand offers an extensive line-up of products for farmers and leads the field in breeding innovation. Our priority is to discover new ways to turn yield potential into success through research and development, high-performing seed, agronomic expertise and customized advice and solutions.

Monsanto is a company committed to bringing a broad range of solutions to the challenge of nourishing a growing world. We produce seeds for fruits, vegetables and key crops – such a canola, soybeans and corn – that are important to farmers in Southern Manitoba and help them have better harvests while using water and other important resources more efficiently. We work to find sustainable solutions for soil health, help farmers use data to improve farming practices and conserve natural resources, and provide crop protection products to minimize damage from pests and diseases.

We're also committed to supporting communities and improving lives in ways that extend beyond our business and we collaborate with farmers, researchers, not-for-profits, rural communities, universities and others to help tackle some of the world's biggest challenges.

Our involvement with the sport of curling is an extension of that support. Through curling, we've had the opportunity to engage with farmers, sponsors and rural and urban curling fans. We've built terrific relationships, supported the game and had some great conversations about curling, farming and food. We truly appreciate this opportunity.

We wish all the curlers good luck this week and hope curling fans enjoy the small-town hospitality of Morris and Rosenort. Please take the time to thank all the local sponsors and volunteers and spend some time in town and at the rink making connections and cheering on the competitors. Congratulations on 10 years!

## HISTORY OF THE DEKALB SUPERSPIEL

Welcome to the 10TH annual DEKALB SuperSpiel. The Morris Curling Club established the DEKALB SuperSpiel in March 2009 with the wonderful support of Monsanto Canada and the DEKALB seed brand. Monsanto and DEKALB have provided great support to make this event happen. The event's name acknowledges the important support of DEKALB as Title Sponsor and evokes the names of the club's 1970's Big M SuperSpiel as well as the DEKALB SuperLeague, which provides a competitive outlet for curlers in the region.

The Morris Curling Club purchased new rocks in 2009 and Allan Gitzel under the tutelage of Greg Ewasko has provided our competitors with top level ice. The Morris Curling Club purchased a TV system in time for our 2nd DEKALB SuperSpiel so that our fans could have a super viewing experience with the ability to watch any sheet from any location in the club. We have hosted teams from around the world and across Canada providing fans with excellent viewing opportunities. With the expansion in 2014 to include 32 women's teams and the 2015 expansion to also include 32 men's teams along with the corresponding increase in prize money, the DEKALB SuperSpiel has become one of the top 5 events on both the men's and women's side. The recent expansions has also meant including a second venue with curlers now curling in both the Morris Curling Club on Allan Gitzel's ice and on Greg Ewasko's arena ice in Rosenort.

Our DEKALB SuperSpiel has also become a meeting place for our sponsors. It provides an opportunity to meet with customers and to enjoy some curling as well. We say a Super thank you to our many sponsors that are so important in making the DEKALB SuperSpiel a success.

The DEKALB SuperSpiel continues to be a venue for garnering CTRS points and is an important part of the players' quest for the Manitoba Championship berths which have been allocated to the Manitoba Curling Tour.

We hope you will all join us for the 11th annual DEKALB SuperSpiel in 2018. Check the World Curling Tour, Manitoba Curling Team and DEKALB SuperSpiel websites for details.

# VOLUNTEERS

A huge "Thank-you" to all the volunteers that give their time to make the DEKALB a world class event and a big success. This year once again Morris and Rosenort work together as one community putting our best foot forward in welcoming the curlers from around the world and their families and friends. Without the hard work from the committee heads and their teams this would be a very different experience. As we move forward in the next weeks and work towards this wonderful curling event I wish all the curlers the best of luck and enjoy your time spent in Morris, Rosenort and surrounding areas. All volunteers who help in any way are very much appreciated. Whatever the job, big or small, many hands make light of any work.

Thank-you Volunteers!
