Welcome to the 2018 DEKALB SuperSpiel. We are excited to be back for another year of competitive curling at the Morris Curling Club. While the DEKALB name remains, there have been changes for us as the purchase of Monsanto Company by Bayer was completed in late August, 2018. The company behind DEKALB is now Bayer and the Crop Science Division specifically. We are now advancing together as one, new company.

At Bayer, we innovate in the fields of health and nutrition to meet some of the most fundamental needs of people around the world. Bayer has three divisions – pharmaceuticals, consumer health, and crop science. The crop science (or agriculture division) contributes to the broader company purpose by shaping agriculture to benefit farmers,

consumers and our planet.

We are a responsible global team working to shape agriculture through breakthrough innovation for the benefit of farmers, consumers and our planet. From the Earth's deepest roots to its highest satellites, we combine modern science with farmers' ingenuity to put innovation at their fingertips to help nourish our growing world and preserve natural resources. And, while we don't have all the answers, our passion for discovery, collaboration and curiosity means we will never stop striving to find them. Through our work, we're committed to delivering better solutions for all farmers while enabling more choice for consumers to help them and our planet thrive.

The DEKALB seed brand continues to innovate and offer new solutions for farmers in Southern Manitoba and around the globe. DEKALB offers an extensive line-up of products for farmers and leads the field in breeding innovation. Our priority is to discover new ways to turn yield potential into success through research and development, high-performing seed, agronomic expertise and customized advice and solutions.

We are thrilled to support the DEKALB SuperSpiel for another year and wish all the curlers good luck this week. Please take the time to thank all the local sponsors and volunteers and spend some time in town and at the rink making connections and cheering on the competitors! We wish you the very best for another successful event.

HISTORY OF THE DEKALB SUPERSPIEL

Welcome to the 11TH annual DEKALB SuperSpiel. The Morris Curling Club established the DEKALB SuperSpiel in March 2009 with the wonderful support of Monsanto Canada and the DEKALB seed brand. Monsanto and DEKALB have provided great support to make this event happen and have continued in this the 11th year with DEKALB now becoming a part of Bayer Crop Science. The SuperSpiel's name acknowledges the important support of DEKALB as Title Sponsor and evokes the names of the club's 1970's Big M SuperSpiel as well as the DEKALB SuperLeague, which provides a competitive outlet for curlers in the region.

The Morris Curling Club purchased new rocks in 2009 and Allan Gitzel under the tutelage of Greg Ewasko has provided our competitors with top level ice. The Morris Curling Club purchased a TV system in time for our 2nd DEKALB SuperSpiel so that our fans could have a super viewing experience with the ability to watch any sheet from any location in the club. We have hosted teams from around the world and across Canada providing fans with excellent viewing opportunities. With the expansion in 2014 to include 32 Women's teams and the 2015 expansion to also include 32 Men's teams along with the corresponding increase in prize money, the DEKALB SuperSpiel became one of the top events on both the Men's and Women's side. This expansion caused the need for more ice and thus the move to using both Morris Curling Club ice and arena ice first in Rosenort and for this year in the Morris Multiplex. All games will be under one roof allowing spectators to walk between venues and games. Ice is being managed by Allan Gitzel in the Morris Curling Club and by Greg Ewasko in the Morris Multiplex arena – great ice in both venues.

Our DEKALB SuperSpiel has also become a meeting place for our Sponsors. It provides an opportunity to meet with customers and to enjoy some curling as well. We say a Super thank you to our many Sponsors that are so important in making the DEKALB SuperSpiel a success.

The DEKALB SuperSpiel continues to be a venue for garnering CTRS points and is an important part of the players' quest for the Manitoba Championship berths which have been allocated to the Manitoba Curling Tour.

We hope you will all join us for the 12th annual DEKALB SuperSpiel in 2019. Check the World Curling Tour, Manitoba Curling Tour and DEKALB SuperSpiel websites for details.
