Welcome to the 2025 DEKALB SuperSpiel!

Bayer is proud to partner with this prestigious event on the world curling stage with our premium seed brand: **DEKALB®**. It's great to see everyone celebrating once again on Morris, Manitoba, where the fabulous organizing committee and volunteers have pulled together this wonderful event. Of course, we'd like to give a special shout-out to all the farmers taking in the tournament.

The farming community is who we live to serve—providing high-performing seed, premium crop protection solutions and digital farming insights. Farmers are the heartbeat of our communities. After working around the clock to bring in this year's harvest, despite challenging weather, please do us a favour and give your local farmer a hug to say thanks!

As much as we love curling while the fields are covered in snow, we're already excited for the 2026 growing season ahead! We can't wait to share what we have in store for Western Canada: Our high-yield potential canola hybrids continue with **NEW DK904TF**—the highest yield potential TruFlex® canola in the lineup. Our outstanding corn lineup gains four new hybrids and our soybeans add two new varieties for Western Canada; all adding to our highest-yielding lineup yet. We're also excited to launch our new cereal seed treatment, **Raxil® Rise**—setting the new standard in cereal disease control.

We wish all the curlers best of luck this week and an enjoyable event for our loyal fans. We look forward to the exciting tournament ahead!

TOWN OF MORRIS

Home of the Manitoba Stampede

Welcome to

On behalf of the Town of Morris, I would like to welcome all competitors, spectators, and sponsors to our community. The DEKALB SuperSpiel has earned a reputation for showcasing world-class curling talent year-after-year, all in our internationally known Cargill Curling Training Centre.

However, this event would not be what it is without our legion of dedicated volunteers. The work done by this group has been essential to the event's continued success. When you see one of these community ambassadors in their distinctive yellow and black jackets, please take a moment to thank them.

While in Morris, please also take time to visit the event sponsors and see what else our community has to offer. We are excited about the future of the Town of Morris, and hope that your visit may encourage you to be a part of this future.

On behalf of Council, the Town, and our citizens, welcome to our community. It is great to see you, and we'd love to see you again.

Scott Crick,
Mayor of Morris

Curling Club Manager

Welcome

It is our pleasure to welcome you to the home of Curl Morris. Whether this is your first time here, or you have attended every SuperSpiel since the beginning, 18 years ago, your support of this event means the world to us. We want nothing more than for you to leave this event with fond memories, whether you are competing on the ice, or, watching some of the best curling you will see in Manitoba.

Thanks again to all our sponsors, volunteers, teams, members and fans for participating in this event. We hope you feel at home here and come visit again soon.

For those of you who are interested in knowing a little bit more about us, Curl Morris is home to many curling from across Morris, St. Jean, Emerson, and beyond. We are very proud to provide high quality services (including facilities and coaching) for those in the community to enjoy, as well as for those competing on the world stage.

Community Curling

If you have never curled before and are new to the sport, we would love to host you and for you to come experience curling for yourself. We believe deeply in brining the community together and hope to have some exciting new opportunities to participate in down the road. Our stick leagues, open leagues, and junior curling have all seen different stories of people finding a home here and know you can find your place here too!

Elite Level Training (CCTC)

With the Cargill Curling Training Centre, we are honoured to have some of the top curling in the country who choose to train out of our facility. Having equipment such as lasers, video equipment, speed traps, and our rock thrower machine, we can analyze slides, sweeping and other physics of curling from a scientific perspective. We are honored to also partner with Asham Curling Supplies, providing them with the tools they need to test new equipment. Having Olympic level coaching, and access to this technical training equipment, we pride ourselves on being at the cutting edge of the game and look forward to working with those who are interested in taking their skills to the next level.

If you have any questions, thoughts, ideas or concerns, please don't hesitate to reach out and connect with us. We would love to hear from you.

History of the DEKALB SuperSpiel

Welcome to the 18th annual DEKALB SuperSpiel. The Morris Curling Club established the DEKALB SuperSpiel in March 2009 with the wonderful support of Monsanto Canada and the DEKALB seed brand. Monsanto and DEKALB have provided great support to make this event happen over the years. In 2019 we welcomed Bayer Canada, the new owners of the DEKALB seed brand. We are excited to be partnered with Bayer Canada. The bonspiel's name acknowledges the important support of DEKALB as Title Sponsor and evokes the names of the club's 1970's Big M SuperSpiel as well as the DEKALB SuperSpiel, which provides a competitive outlet for curlers in the region.

The Morris Curling Club purchased a TV system in time for our 2nd DEKALB SuperSpiel so that our fans could have a super viewing experience with the ability to watch any sheet from any location in the club. We have hosted teams from around the world and across Canada providing fans with excellent viewing opportunities.

Our club boasts excellent ice, from 2009 to 2022, Greg Ewasko, assisted by Matt Rankin, provided us with top level ice. In 2023 Matt Rankin took over producing world class ice for our competitors.

Our DEKALB SuperSpiel has also become a meeting place for our Sponsors. It provides an opportunity to meet with customers and to enjoy some curling as well. We say a Super thank you to our many Sponsors that are so important in making the DEKALB SuperSpiel a success.

The DEKALB SuperSpiel continues to be a venue for garnering CTRS points and is an important part of the players' quest for the Manitoba Championship berths which have been allocated to the Manitoba Curling Tour.

We hope you will all join us for the 19th annual DEKALB SuperSpiel November 26 to November 29, 2026. Check the World Curling Tour, Manitoba Curling Tour and DEKALB SuperSpiel websites for details.

A Big Thank You to All the Volunteers, picture taken at the Volunteer Kick-Off 2024. (Many of the volunteers were busy and not able to be there for the picture)

Welcome to the 2025 DEKALB SuperSpiel

On behalf of all our volunteers, we want to welcome Curlers and Fans to the 18th DEKALB SuperSpiel. We have the best group of people volunteering this weekend, ready and willing to help you. If you have a question, find one of the people wearing a yellow and black volunteer jacket, they will help you with your needs.

Some of our volunteers work with the Curling Club all year round, others come specifically to help with the DEKALB SuperSpiel. Some have worked at the SuperSpiel since it started, others are new. But they all have one thing in common, they want to make the DEKALB SuperSpiel the best experience for everyone.

So Good Luck to all the Curlers, have fun, enjoy the food.

To the families and fans, enjoy the weekend watching local, Canadian and International Curlers, cheer them on, introduce yourselves and let them know what a great job they are doing.

Have a wonderful weekend – Volunteer Coordinators Cheryl, Shelley & Sabrina
